COMMUNITY COLLEGE

### Adult Education

The Shelton State Community College Adult Education Program assists adults in obtaining knowledge and skills for employment and self-sufficiency. It provides services to Bibb, Greene, Hale, Sumter and Tuscaloosa counties. The program operates under the direction of the Alabama Department of Postsecondary Education, with instruction provided via traditional and on-line classes. GED and Career Readiness Credential preparation, graduation exam help, and skills remediation are offered in all five counties at no cost to students. In addition, English as a Second Language (ESL) classes, and Project Literacy United States (PLUS) tutoring are offered in Tuscaloosa County. Contact the Office of Adult Education, C. A. Fredd Campus, 205.391.2662 or toll free at 1.877.643.3272 or [ged@sheltonstate.edu](mailto:ged@sheltonstate.edu).

Chris Finney started GED classes in April 2006. Working fulltime, it was difficult for him to attend class regularly. Chris said, "Mrs. Carolyn Davis would not let me give up. She continued to call me and encourage me to come to class. When she called, it motivated me to attend class. The last time I started back, I decided I was not going to stop coming until I passed my GED. Mrs. Davis told me I could pass it on the first try, and I did."

Chris passed the GED in March 2007 and joined the United States Marine Corp. He is currently a PFC and stationed in San Diego, California. Chris works as an administrative legal clerk and is scheduled to make Lance Corporal in March 2009. He plans to attend college so he can become an officer in the USMC. On a visit to his former GED class, Chris encouraged the group that they could do anything with the right motivation.

Adrianne Petty left the public school system in the seventh grade, hoping to one day finish her education. Adrianne eventually entered the workforce and began raising four beautiful children, who she encourages to work hard and to take pride in all of their educational achievements. She has always been very involved in her children's schools by helping as a substitute teacher and a lunchroom aide. Once her children were in school or daycare, she decided it was time to finish her high school education so she could be a positive role model to her children. While Adrianne knew she had a calling in the nursing field to work primarily with the elderly, she also realized that to obtain her goals, she needed first to receive a GED and then go on to college. Adrianne enrolled in the Shelton State Community College Adult Education Program's GED Online class in the fall of 2007. Juggling family and work obligations, she studied for six months and, in June of 2008, passed the GED and obtained a Career Readiness Certificate. Her instructor, Kristen Peoples, recalls "Adrianne is a self-disciplined, goal oriented student who is determined to reach her goals. She was a delight to work with and will be a great team player for a nursing home program." Adrianne speaks fondly of her time spent in the adult education program and has referred family members and friends to the program.

Adrianne applied for the Nursing Assistant/ Home Health Aide Program at Shelton State Community College in June of 2008 and completed the 23-hour credit requirement in December 2008. She continues to further her education at Shelton State Community College with the goal of becoming a registered nurse. She is now taking courses towards her two-year nursing degree and is seeking employment in home health. Adrianne will be a part of two Shelton State Community College graduation ceremonies in May of 2009, where she will obtain her GED and Nursing Assistant certificates.
